

# IBD

**Infrared Building Diagnostics, LC**  
Winchester, KY 40391

## Commercial Building Services

- Inspect roofing or walls before retrofit or restoration to locate wet insulation or other materials.
- Scheduled inspections to locate minor problems for preventative repairs that cost pennies, so you can keep the dollars for things like profit.
- Quality assurance inspections after new or retrofit installations.
- Construction detail survey to locate hidden details in walls, floors, ceilings, roofs, etc.
- Troubleshoot hard to find leaks. Determine if they are roof, wall, HVAC, etc.
- Walkover scans of systems under warranty as additional coverage option.
- Electrical system inspections to locate minor problems for preventative repairs.
- Energy Loss survey to save on heating and cooling.
